

Objectives: TEKS 8.11(A)

Describing Producers, Consumers, and Decomposers

Define the following using the textbook: (pg. 500-501)

1. Producer-
2. Decomposer-
3. Consumer-
4. Name the 3 types of consumers-
5. We can see examples of each organism on different types of diagrams used in STAAR. These diagrams can be _____, _____, and _____

6. What type of diagram is this one?
7. What is the purpose of this type of diagram?
8. What is the main source of energy?
9. Why are decomposers at every level?
10. Name the producers
11. Name the herbivores
12. Name the omnivores
13. Name the carnivores

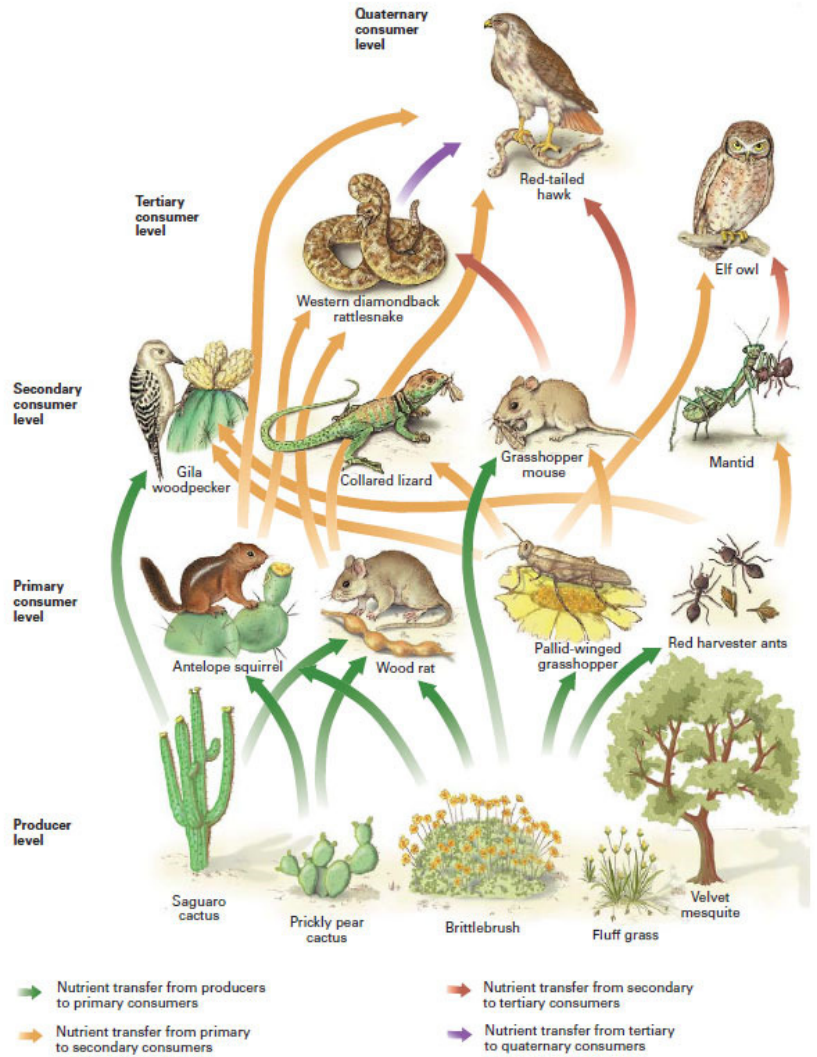

Name _____

Date _____

Period _____

This is another example of diagrams used in STAAR questions. Answer the questions below about this diagram

1. What type of diagram is this one?
2. Identify the producers by name
3. Identify 3 consumers (herbivores)
4. Identify 3 consumers (omnivores)
5. Identify 3 consumers (carnivores)

Finally, this is another diagram used in STAAR questions showing producer and consumers

6. What type of diagram is this one?
7. What is the source of energy
8. Identify the producer
9. Identify all the consumers
10. Identify the decomposer
