

Peer Evaluation

1. Introduction

- a) Minimum of 3 sentences
- b) Must include:
 - 1) Convection Currents
 - 2) Pangaea
 - 3) Plate boundaries (Divergent, convergent, transform)

2. Convection currents

- a) Minimum of 3 sentences
- b) Must include:
 - 1) Density
 - 2) Temperatures
 - 3) Mantle
 - 4) Atmosphere

3. Pangaea

- a) Minimum of 3 sentences
- b) Must include:
 - 1) Alfred Wagner
 - 2) Appalachian Mountains
 - 3) Fossils

4. Plate Boundaries

- a) Minimum of 6 sentences
- b) Must include:
 - 1) Divergent boundaries - movement and characteristics (2 sentences)
 - a. On the ocean- Sea- floor spreading, mid-ocean ridges.
 - b. On land- Faults, rift valleys, folded mountains
 - 2) Convergent Boundaries – movement and characteristics (2 sentences)
 - a. Two continental plates- Folded mountains
 - b. One Continental and Oceanic plate- Trench, subduction, volcanoes, mountains
 - 3) Transform Boundaries- Movement and characteristics (2 sentences)
 - a) Earthquakes
